Key Differentiators: Technology, Talent & High-Precision Operations

FRONT-OFFICE CORE · FLOOR OPERATIONS — Live Customer Engagement

Live Floor Technology & Data Shielding

1 Live Screen Assistant & Procedure Engine

Kai Co-pilot

Instant sub-second guidance for official procedures. Turns complex questions into clear steps, eliminating customer hold times and agent errors.

<350ms
ZERO HOLD TIME

2 Automated Wrap-Up & Structured CRM Notes

Pre-Dispositioning

Listens live during the call to pre-fill notes and disposition codes. Ready in one click at hang-up, accelerating call wrap-up under 20 seconds.

≤20s
FAST CALL WRAP

3 Automated PII Redaction & Data Shielding

Total Shielding

Automatic real-time masking of cardholder numbers, SSNs, and personal data. Logs are fully encrypted and auditable under ISO 27001 and PCI-DSS.

100%
PII PROTECTED

Security & Compliance Standards: ISO 27001 · PCI-DSS v4.0 · AES-256 Vault

BACK-OFFICE & GOVERNANCE — AI Quality & Certified Staffing

Governance, AI Quality & Talent Scaling

4 360-Degree Talent Ecosystem & AI Screening

Pre-Hire Triage

Multi-level candidate vetting with Audio Triage AI, English proficiency assessment, and computer skills benchmarking before floor arrival.

360°
CANDIDATE TRIAGE

5 100% AI Quality Auditing & Real-Time Coaching

100% Audited

Total speech-to-text evaluation across every voice and chat interaction, eliminating manual sampling and generating immediate supervisor coaching cards.

100%
INTERACTION COVERAGE

6 Rapid Deployment & Dedicated Training Pods

Training Pods

Fast ramp-up capacity to scale from 0 to 450 certified agents across our binational centers, backed by structured onboarding and interval adherence >92%.
